TITLE INDEX

Adverse effects of psychotherapeutic beliefs: An application of attribution theory to the critical study of psychotherapy, B. Furman & T. Ahola, 7 (2), 183–195.
Anorexia nervosa: Lessons from a follow-up study, H. Stierlin & G. Weber, 7 (2), 120–157.

Case report: Family-systems therapy of a man with AIDS-related complex, F. Ackerman, 7 (3), 292–304.
Clinical vignette: Adolescent "survivors" of parents with AIDS, J. Demb, 7 (3), 339–343.
The cybernetics of community responses to incest and child abuse, J. C. Healey, 7 (3), 305–316.

Death and dying: A longitudinal study of their impact on the family, F. J. A. Huygen, H. J. M. van den Hoogen, J. T. M. van Eijk, & A. J. A. Smits, 7 (4), 374–384.
The dual optic: Researchers and therapists, D. A. Bloch, 7 (2), 115–119.

Elderly family members and their caregivers: Characteristics and development of the relationship, S. Shellenberger, K. W. Couch, & M. A. Drake, 7 (3), 317–322.

Family systems medicine curriculum at Mercer University School of Medicine, M. A. Armour, K. M. Couch, M. Denny, R. M. Hostetler, S. Shellenberger, K. Shurden, & E. G. Titus, 7 (2), 196–207.

Illness beliefs as a factor in patient-spouse adaptation to treatment for coronary artery disease, J. M. Patterson, 7 (4), 428–442.
Integrating traditional alcoholic treatment programs and family systems therapy, R. De Maio, 7 (3), 274–291.
Integrating quantitative and qualitative methods in family research, R. L. Blake, 7 (4), 411–427.
Islands rather than bridgeheads: The problematic status of the biopsychosocial model, A. Antonovsky, 7 (3), 243–253.

Macrosocial conflicts and the family: A Hungarian case study, J. Füredi, G. Kapusi, & J. Novák, 7 (1), 30–41.
Managing personal and professional boundaries: How to make the physician's own issues a resource in patient care, S. H. McDaniel, T. L. Campbell, & D. B. Seaburn, 7 (4), 385–396.

Nighttime waking in children, J. S. Trilling, 7 (1), 17–29.

Organic brain disease in the family: Illness, personality, and family system, M. R. Lansky, 7 (1), 66–76.

The perils (and possibilities) of paradigm change, D. A. Bloch, 7 (1), 3–4.

Personal sketch: Role strain—Illness in a physician's family, H. D. Silverman, 7 (4), 454–457.
Point and counterpoint: Family life cycle theory—A feminist critique, L. M. Candib, 7 (4), 473–487.
Practice sketches and feedback loops: Giving new meanings to cancer, M. A. Gosselin, 7 (2), 213–218.
The problem-defined system, D. A. Bloch, 7 (4), 371–373.
Psychosocial adjustment to illness and family environment in dialysis patients, J. Kaye, S. Bray, E. J. Gracely, & S. Levison, 7 (1), 77–89.
Psychosocial aspects of geriatrics: A six-point orientation scheme for training, R. F. Thompson & B. Montalvo, 7 (4), 397–410.
The psychosocial dimension: Relational aspects, H. Stierlin, 7 (3), 254–263.
A putative ancestry of family practice and family medicine: Genogram of a discipline, M. A. Crouch, 208–212.

Random notes: Health policy and the family—Agenda for the year 2000, C. L. Gillis, W. J. Doherty, R. Needle, & T. Campbell, 7 (2) 229–239.
Random notes: Illness counseling—A proposed adjunct service for primary-care physicians, L. Marcus, 7 (3), 357–364.
Random notes: The need for a transitional model—A challenge for biopsychosocial medicine?, J. Herman, 7 (1), 106–111.
Revision of the Family APGAR for use by 8-year-olds, J. K. Austin & T. J. Huberty, 7 (3), 323–327.

Smoking behavior and spouses: A case report, L. M. Wright, J. M. Bell, & B. L. Rock, 7 (2), 158–171.
Somatic fixation in patients and physicians: A biopsychosocial approach, S. H. McDaniel, T. Campbell, & D. Seaburn, 7 (1), 5–16.
The stone boy and the crazy lady: The understanding and regulation of affect in clinical teaching, J. Shapiro, 7 (2), 172–182.
Stories, reflections, and miracles: New approaches to introducing family therapy to inpatient settings, T. Honsig, 7 (4), 443–453.
A systemic approach to medical noncompliance: The case of chronic obesity, J. E. Harkaway & W. C. Madsen, 7 (1), 42–65.
Systems dynamics in cigarette smoking: An exploratory study, D. Whitehead & W. J. Doherty, 7 (3), 264–273.
Systems treatment in pediatric chronic illness: A parent group program, L. M. Gaudet & G. M. Powers, 7 (1), 90–99.

Time-limited structural couple therapy with chronic low back pain patients, S. Saarijärvi, T. Lahti, & I. Lahti, 7 (3), 328–338.

Books Received

Affective disorders and the family: Assessment and treatment, edited by J. F. Clarkin, G. L. Haas, & I. D. Glick, reviewed by M. R. Fox, 7 (2), 223–226.
The alcoholic family, by P. Steinglass, L. A. Bennett, S. J. Wolin, & D. Reiss, reviewed by M. A. Baird, 7 (2), 226–228.
Chronic disorders and the family, edited by F. Walsh & C. Anderson, reviewed by J. Rogers, 7 (4), 469–472.
Chronic illness and disability, edited by C. S. Chilman, E. W. Nunnally, & F. M. Cox, reviewed by J. L. Ross, 7 (3), 351–354.
